PREFACE

This volume is the twenty-fourth **Annual Catalogue** of Ontario Government publications. It includes books, pamphlets, periodicals, maps, microfiche, audiocassettes, videocassettes and computer disks. The **Annual Catalogue** is a cumulation of the twelve issues of the **Monthly Checklist** for 1995 with some additions and changes. Entries for serial titles indicate the issues published since those listed in the 1994 **Annual Catalogue**. Some items that were omitted from the 1995 issues of the **Monthly Checklist** or the previous **Annual Catalogue** have been included in order that the bibliography might reflect as nearly as possible the total publishing output of the Government ministries and agencies.

Reprints of articles written by government officials and appearing in non-government publications have not been included unless they bear the imprint of a ministry.

In order to ensure the continued availability of significant items of continuing interest some documents have been microfiched. In these cases the entry describes the original hard copy edition with the microfiche number and price appended. In cases where the Government published only a microfiche edition the cataloguing entry describes the microfiche format. The dagger symbol (†) preceding the price indicates microfiche.

The material is arranged alphabetically under issuing body, in separate sequences for English-language and French-language materials. Within each ministry there are alphabetically arranged subgroups for the publications of the branches and divisions of the ministry. The table of contents provides an overview of the ministries and agencies used as headings.

Items are numbered sequentially within the **Annual Catalogue** and are indexed in English or French depending on the language of the document. The "name/title index des noms/titres" covers the entire volume. The "subject index" indexes the English-language materials using terms derived from **Library of Congress Subject Headings** and **Canadian Subject Headings**. The "index des matières" indexes the French-language materials using terms derived from **Répertoire de vedettes-matière** of Université Laval.

The publications distributed by Publications Ontario are marked with an asterisk. The price and availability of these documents were verified in February 1996.

The **Monthly Checklist** also listed items marked with two asterisks that were distributed directly by the issuing bodies, usually in limited quantities. Since no attempt has been made to determine whether any of these items is still available in hard copy, this ordering information has been deleted. Items that were microfiched will still be available in this format, as the entries indicate.

Those wishing to obtain copies of materials distributed directly by the issuing bodies should review current issues of the **Monthly Checklist** and order promptly. Many folders and other ephemeral materials are reprinted at intervals. Each serial title that is continuing publication has an open entry in the **Monthly Checklist** to correspond with the first issue of that title in the calendar year. Addresses are those of the main ministry offices unless otherwise indicated in the **Monthly Checklist**. A list of Government ministries and agencies is appended. The current edition of the **Government of Ontario Telephone Directory** provides full addresses and telephone numbers.

Many publications listed in the **Annual Catalogue** are available for consultation at depository libraries for Ontario Government publications, and a list of full depository libraries has been included to assist the user in locating them. The term "full depository" means that the library automatically receives all publications in the **Monthly Checklist** which are designated by a "D". There are also selective depository libraries throughout the province, which receive any "D" items they specifically request. These libraries have not been listed,

as their collections would be less complete. Publications that were depository items during the year 1994 are marked with a "D" as in the **Monthly Checklist**.

The **Ontario Government Publications Annual Catalogue 1995** was compiled and edited by the Checklist and Catalogue Service of the Ontario Legislative Library. The staff who worked on it are: Manager, Linda Reid; Catalogue Librarian, Mark Musielak; Acquisitions Technician, Karen Van Der Zon; and Administrative Clerk, Pulver Zajfman.

Effective April 1, 1996, the Checklist and Catalogue Service was disbanded and its responsibilities were absorbed by the Technical Services and Systems Branch of the Ontario Legislative Library.

PRÉFACE

Ce volume représente le vingt-quatrième **Catalogue annuel** des publications du gouvernement de l'Ontario. Il comprend les livres, brochures, périodiques, cartes géographiques, microfiches, cassettes audio et vidéo, ainsi que les disquettes informatiques. Les publications qui figurent dans les douze numéros de la **Liste mensuelle** publiés en 1995 avec rajouts et autres modifications. Les titres des publications en série indiquent les numéros qui ont paru après la publication du **Catalogue annuel** de 1994. Certains titres omis dans les douze numéros de la **Liste mensuelle** publiés en 1995 ou dans le **Catalogue annuel** précédent ont été ajoutés afin que la bibliographie indique avec le maximum d'exactitude toutes les publications des ministères et organismes du gouvernement.

Les réimpressions d'articles rédigés par des fonctionnaires, qui ont paru dans des publications autres que celles du gouvernement, ne sont pas inclus, à moins que ces articles portent la marque d'un ministère.

Certains documents importants qui traitent de sujets d'intérêt permanent ont été mis sur microfiches afin qu'ils demeurent à la disposition des lecteurs qui désirent les consulter. Dans ces cas on donne une description du document publié sous sa forme originale, avec indication du numéro de la microfiche et du prix. Dans le cas où le gouvernement n'aurait publié qu'une édition sous forme de microfiche, l'inscription dans le catalogue la décrit comme telle. Le symbole (†) avant le prix indique que le document est sur microfiches.

Les publications paraissent par ordre alphabétique sous le nom de l'organisme d'origine, et les titres des versions française et anglaise y figurent séparément. Sous le nom d'un ministère, les publications des directions et des divisions du ministère ont été réunies en sous-groupes et sont inscrites dans l'ordre alphabétique. La table des matières permet de repérer rapidement les ministères et organismes qui figurent en vedette dans le catalogue.

Les publications sont numérotées successivement dans le **Catalogue annuel** et figurent à l'index sous le titre anglais ou français selon le cas. L'index "name/title index des noms/titres" contient toutes les publications du catalogue. Le "subject index" indique toutes les publications en anglais; les termes utilisés ont été tirés du **Library of Congress Subject Headings** ainsi que du **Canadian Subject Headings**. Les termes de l'"index des matières", qui contient tous les documents en français, ont été tirés du **Répertoire de vedettes-matière** de l'Université Laval.

Les publications distribuées par Publications Ontario sont indiquées par un astérisque. Le prix et le stock de ces documents ont été vérifiés en février 1996.

La **Liste mensuelle** contenait en outre des titres de publications accompagnés de deux astérisques indiquant que ces publications étaient diffusées, généralement en petites quantités, par le ministère ou l'organisme qui les a créées. Étant donné qu'aucune démarche n'a été entreprise pour déterminer si ces publications sont encore en stock sous leur forme originale, les indications pour la commande ont été omises. Les documents sur microfiches sont toujours disponibles et on peut se les procurer sous cette forme comme l'indique l'inscription.

On suggère que les personnes qui désirent commander des publications distribuées directement par l'organisme d'origine consultent les derniers numéros de la **Liste mensuelle** pour les commander sans tarder. Un grand nombre de dépliants et d'autres publications de nature éphémère sont réimprimés de temps à autre. Les publications en série qui continuent à paraître sont indiquées dans la **Liste mensuelle** sous un titre qui correspond au premier numéro paru dans l'année. À moins d'indications contraires, les adresses données dans la **Liste mensuelle** sont celles des bureaux principaux des ministères. On trouve en annexe la liste des ministères et organismes gouvernementaux.

L'édition actuelle de l'annuaire de téléphone du gouvernement de l'Ontario donne l'adresse et le numéro de téléphone de tous les ministères et organismes provinciaux.

On peut consulter un grand nombre des publications indiquées dans le **Catalogue annuel** dans les bibliothèques de dépôt des publications du gouvernement de l'Ontario. La liste des bibliothèques de dépôt universel est incluse dans le catalogue à l'intention des intéressés; ces bibliothèques reçoivent automatiquement toutes les publications indiquées dans la **Liste mensuelle** par un "D". Les bibliothèques de dépôt sélectif de la province ne reçoivent que les publications "D" qu'elles commandent expressément. La liste de ces dernières n'est pas donnée parce que leurs collections sont incomplètes. Les publications de 1994 envoyées aux bibliothèques de dépôt sont indiquées par un "D" comme dans la **Liste mensuelle**.

Le **Catalogue annuel des publications du gouvernement de l'Ontario 1995** a été dressé et rédigé par le personnel du Service de compilation et de catalogage de la Bibliothèque de l'Assemblée législative de l'Ontario, notamment: chef de service, Linda Reid; bibliothécaire au catalogue, Mark Musielak; technicienne préposée aux acquisitions, Karen Van Der Zon; et employée administrative, Pulver Zajfman.

Le Service de compilation et de catalogage a été dissous le 1^{er} avril 1996. Les services qu'il fournissait ont été repris par les Services techniques et systèmes de la Bibliothèque de l'Assemblée législative.
